EUROPEAN STANDARD

EN 60335-2-97

NORME EUROPÉENNE EUROPÄISCHE NORM

December 2006

ICS 29.120.01; 91.060.50

Supersedes EN 60335-2-97:2000 + A11:2006

English version

Household and similar electrical appliances - Safety

Part 2-97: Particular requirements for drives for rolling shutters, awnings, blinds and similar equipment

(IEC 60335-2-97:2002, modified + A1:2004, modified)

Appareils électrodomestiques et analogues -Sécurité Partie 2-97: Règles particulières pour les motorisations de volets, stores, rideaux et équipements enroulables analogues (CEI 60335-2-97:2002, modifiée + A1:2004, modifiée)

Sicherheit elektrischer Geräte für den Hausgebrauch und ähnliche Zwecke Teil 2-97: Besondere Anforderungen für Rollläden, Markisen, Jalousien und ähnliche Einrichtungen (IEC 60335-2-97:2002, modifiziert + A1:2004, modifiziert)

This European Standard was approved by CENELEC on 2006-04-01. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Cyprus, the Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and the United Kingdom.

Foreword

The text of the International Standard IEC 60335-2-97:2002, prepared by the IEC Technical Committee 61, together with the common modifications prepared by CENELEC TC 61, was submitted to the Unique Acceptance Procedure. At the Athens meeting in November 2003 it was decided to submit additional modifications from document 61(Sec)1433 to the formal vote. This draft did not receive sufficient support. The comments were discussed at the Milano meeting in November 2004, where it was decided to submit additional modifications from amendment A1:2004 to IEC 60335-2-97:2002 to the formal vote.

This draft was launched in November 2005 and was approved by CENELEC as EN 60335-2-97 on 2006-04-01.

This European Standard replaces EN 60335-2-97:2000 + A11:2006.

The following dates are applicable:

 latest date by which the EN has to be implemented at national level by publication of an identical national standard or by endorsement

(dop) 2007-07-01

 date on which the national standards conflicting with the EN have to be withdrawn

(dow) 2009-04-01

This part 2 has to be used in conjunction with EN 60335-1, Household and similar electrical appliances – Safety – Part 1: General requirements. It was established on the basis of the 2002 edition of that standard. Amendments and revisions of Part 1 have also to be taken into account and the dates when such changes become applicable will be stated in the relevant amendment or revision of Part 1.

This part 2 supplements or modifies the corresponding clauses of EN 60335-1, so as to convert it into the European Standard: Safety requirements for electric drives for rolling shutters, awnings, blinds and similar equipment.

When a particular subclause of Part 1 is not mentioned in this part 2, that subclause applies as far as is reasonable. When this standard states "addition", "modification" or "replacement", the relevant text of Part 1 is to be adapted accordingly.

NOTE 1 The following numbering system is used:

- subclauses, tables and figures that are numbered starting from 101 are additional to those in Part 1;
- unless notes are in a new subclause or involve notes in Part 1, they are numbered starting from 101, including those in a replaced clause or subclause;
- additional annexes are lettered AA, BB, etc.;
- subclauses, notes and annexes that are additional to those in the IEC standard are prefixed with the letter Z.

NOTE 2 The following print types are used:

- requirements: in roman type;
- test specifications: in italic type;
- notes: in small roman type.

Words in **bold** in the text are defined in Clause 3. When a definition concerns an adjective, the adjective and the associated noun are also in bold.

There are no special national conditions causing a deviation from this European Standard, other than those listed in Annex ZA to EN 60335-1.

There are no national deviations from this European Standard, other than those listed in Annex ZB to EN 60335-1.

 $p\quad \text{NOTE}\quad \text{In this document, p is used in the margin to indicate instructions for preparing the printed version.}$
