5 რებისტრირებულია საქართველოს სტანდარტების, ტექნიკური რეგლამენტების და მეტროლოგიის ეროვნული სააგენტოს რეგსტრში: 2010 წლის 6 აპრილი №268-1.3-4143

წინამდებარე სტანდარტის სრული ან ნაწილობრივი აღწარმოება, ტირაჟირება და გაფრცელება საქართველოს სტანდარტების, ტექნიკური რეგლამენტების და მეტროლოგიის ეროვნული სააგენტოს ნებართვის გარეშე არ დაიშვება

EUROPEAN STANDARD
NORME EUROPÉENNE
EUROPÄISCHE NORM

EN 303-3

September 1998

ICS 91.140.10

Descriptors: heaters, gas appliances, boilers, central heating, heating units, burners, definitions, classifications, equipment specifications, performance evaluation, tests, name plates, technical notices, marking

English version

Heating boilers - Part 3: Gas-fired central heating boilers -
Assembly comprising a boiler body and a forced draught burner

Chaudières de chauffage - Partie 3: Chaudières de chauffage central utilisant les combustibles gazeux -
Assemblage d'un corps de chaudière et d'un brûleur à air soufflé

Heizkessel - Teil 3: Zentralheizkessel für gasförmige Brennstoffe - Zusammenbau aus Kessel und Gebläsebrenner

This European Standard was approved by CEN on 22 August 1997.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This European Standard has been prepared by Technical Committee CEN/TC 109 "Central heating boilers using gaseous fuels", the secretariat of which is held by NNI.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by March 1999, and conflicting national standards shall be withdrawn at the latest by March 1999.

This European Standard has been prepared under a mandate given to CEN by the European Commission and the European Free Trade Association, and supports essential requirements of EU Directive(s).

This European Standard specifies the tests to be carried out on the assembly of a boiler body in conformity with standard EN 303-1 and a forced draught burner in conformity with standard EN 676.

The European Standard EN 303 includes six Parts :

- Part 1 : Heating boilers with forced draught burners - Terminology, general requirements, testing and marking ;
- Part 2 : Heating boilers with forced draught burners - Special requirements for boilers with atomizing oil burners ;
- this Part 3;
- Part 4 : Heating boilers with forced draught burners - With outputs up to 70 kW and a maximum operating pressure of 3 bar - Terminology, special requirements, testing and marking ;
- Part 5 : Special heating boilers for solid fuels - Hand and automatically fired - Nominal heat output of up 300 kW - Terminology, requirements, testing and marking ;
- Part 6 : Heating boilers with forced draught burners - Specific requirements for the domestic hot water operation of liquid-fired combination boilers of nominal heat output not exceeding 70 kW

This European Standard does not deal with NO_x emissions, as they are treated in EN 676.

For relationship with EU Directive(s), see informative Annex ZA, which is an integral part of this standard.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.
